

**Holly Hill**   
Children's Services

———— **2016 ANNUAL REPORT** ————

**OUR MISSION:** Holly Hill Children Services strengthens the lives of children through its programs focused on the child.

# WELCOME TO HOLLY HILL

From the Executive Director  
and Board Chair

*Dear Friends of Holly Hill,*

As we share with you the amazing transformations in the lives of the children that Holly Hill is called to serve, we would like to take this opportunity to thank you personally for all that you do to make Holly Hill a shining beacon in Northern Kentucky. We want to thank our Board of Directors, our staff, our volunteers, and those who invest in Holly Hill. We thank you for your time, your skills, and your talents which are applied to the future of our community. In fiscal 2016, we were able to serve 2,161 children and families. We are proud to be the stewards of your commitment to our children and families.

This past year has been one of goodbyes and hellos. The biggest change being the retirement of Connie Wong, our exceptional Executive Director, who served faithfully with compassion and dedication for the past 29 years. As she enters a well-deserved retirement, we are thrilled and blessed that she has steered the organization into the brave new world of enhanced therapy services and has positioned the agency to provide Alcohol and Other Drug Entity Behavioral Health Services to Northern Kentucky. In providing Therapy Services, Case Management, Community Support Associates, Supervised Visitation, and Residential Treatment, the common refrain is that drug addiction in the family has a devastating effect on the behavioral and mental health of children. It is a natural extension of our mission to provide the same quality of care to address these issues in the home.

We also said goodbye to Eileen Moore, our Director of Community-Based Services, who joined Connie in retirement. Eileen's dedication to each child in our community-based programs and her leadership and managerial skills have proven to be very large shoes to fill. We now have two Directors, who have been promoted from within our exceptional ranks, to steer

and develop our programs. As a part of our community-based initiatives, we continue providing both high-quality services in the home, but also in the schools.

Residential Treatment has been the hallmark of our mission for the past 132 years. Our dedicated staff continues to transform the lives of girls who are in our care and are committed to helping them achieve their goals, not only while they call Holly Hill "home", but as they incorporate all that they have learned into their futures.

In 2016 we achieved re-accreditation from the Council on Accreditation (COA). All staff pulled together to prepare for the process and we received a glowing report. We were also delighted at the support of our many partners as we gathered together for the 55th Annual Holly Hill Golf Classic, Marty Gras Party, and Livingston Taylor Benefit Concert. We are grateful for the continued support from the Clyde N. Day Foundation in our development efforts.

We are proud to be associated with such a great organization with such a long and rich tradition of being "all about the kids". It is a privilege to work alongside all of you as we strive to make an impact in our community.

Patricia Wingo  
Chair of the Board of Directors

Jonathan Adee  
Executive Director

## OUR VISION

Holly Hill Children's Services embraces a changing service environment, meeting the present needs of children in our community and preparing to meet the needs of the children we have yet to serve.

# OUR PROGRAMS

## RESIDENTIAL TREATMENT

The Residential Treatment program at Holly Hill provides support for adolescent girls ages 11-18 with severe emotional and/or behavioral need. Residents live at our 24-bed facility on our California, KY campus for an average of 6-9 months where they receive intense therapy services in a highly structured environment and attend local public schools.

**41 ADOLESCENT GIRLS WERE SERVED IN FISCAL 2016, PROVIDING SUPPORT SERVICES TO 110 PEOPLE. 3 RESIDENTS GRADUATED FROM HIGH SCHOOL, 90% WERE PROMOTED TO THE NEXT GRADE LEVEL AND 96% COMPLETED THEIR TREATMENT IN 12 MONTHS OR LESS. 92% OF RESIDENTS COMPLETING 3 MONTHS OF TREATMENT WERE DISCHARGED TO A LESS RESTRICTIVE PLACEMENT.**

Jadyn was a ward of the state of KY for many years before coming to Holly Hill due to her abusive parents. She had cycled through numerous foster homes, psychiatric hospitals, and other treatment programs. Jadyn had significant mental health issues and was emotionally unstable. When she was placed at Holly Hill, she was entering her senior year of high school but lacked enough credits to graduate. Jadyn struggled daily to manage her emotions and was often explosive and aggressive, sometimes harming herself and others. Her Residential Therapist worked with her intensely to address her abusive and traumatic past. After months of services, including individual and group therapy, social skills development, life skills training, and educational support, Jadyn's aggressive outbursts lessened, her emotional stability increased, and she learned to manage "trauma-triggers" and grow into a responsible adult. She earned the required credits to graduate high school on time, transitioned into a new foster home and enrolled in community college. Holly Hill helped her to become the adult she feared she could never be.

## THERAPY SERVICES

Licensed Therapists conduct sessions with the client, their parents, and siblings in the home, at school, or our office to help improve the quality of life for everyone involved. Children in this program have severe emotional and/or behavioral issues and are at risk for being hospitalized or placed outside of their homes.

**IMPACTED 254 CLIENTS IN FISCAL 2016, SERVING A TOTAL OF 1,116 CHILDREN AND FAMILIES. 93% OF CLIENTS REMAINED STABLE AND EXPERIENCED NO OUT OF HOME PLACEMENT DISRUPTION DUE TO THEIR BEHAVIORS. 100% OF CLIENTS AND PARENTS/GUARDIANS REPORTED SATISFACTION WITH THEIR THERAPIST, SERVICES RECEIVED, AND IMPROVED BEHAVIORS.**

Dessie reached out to Holly Hill for help with her granddaughter, Shawna who had been lying and stealing, was being disrespectful to adults and peers, and was disruptive at school. During the initial meeting with the Therapist, Dessie reported a history of abandonment and neglect by Shawna's biological parents. Together, Dessie, Shawna, and her Therapist came up with a treatment plan that included individual counseling at school and in the home. A Case Manager was assigned to help stabilize the family with needed resources, and Shawna would also work with a Community Support Associate from Holly Hill to work on social skills, coping skills, and managing emotions. Shawna's problematic behavior continued to be a concern initially, but after six months of receiving Holly Hill's community-based services, Shawna was able to improve. Her grades improved, she began to act and feel more confident, and she started to participate in activities in the community. Dessie, along with Shawna's teachers and peers, describe her as a "new person" that uses respectful words and appropriate tone. Dessie said that working with Holly Hill was the first time she felt truly supported in raising Shawna.

# OUR PROGRAMS

## CASE MANAGEMENT

The Case Management program at Holly Hill serves children and youth, up to age 21, who have complex behavioral healthcare needs and are at risk of being removed from their homes. Case Managers coordinate services for the child that focus on stabilizing the home environment and preserving the family unit.

**IMPACTED 228 CLIENTS IN FISCAL 2016, SERVING A TOTAL OF 559 CHILDREN AND FAMILIES. 86% OF CLIENTS DO NOT MOVE TO A MORE RESTRICTIVE SETTING UPON DISCHARGE. 100% OF CLIENTS REPORTED THEIR EXPERIENCE WITH HOLLY HILL WAS HELPFUL IN ADDRESSING THE NEEDS OF THE CLIENT AND THE FAMILY.**

Cameron was referred to Holly Hill because he was having a hard time dealing with the death of his grandfather. Instead of processing his emotions in a healthy way, he was experimenting with drugs, having inappropriate sexual relationships, having intense family conflicts and dangerous peer relationships. Through Case Management and Therapy Services, Cameron showed great courage and responsibility as he committed to bettering himself in his home life, at school and in his community. He was able to identify and process his emotions in a healthy manner, develop and use coping skills, learn how to overcome peer pressure to make positive life choices, and how to live with parents who are recovering addicts. Cameron successfully completed our program and was transitioned to a less intense service.

## SUPERVISED VISITATION

Holly Hill's Supervised Visitation program provides an opportunity for visiting parents/guardians to maintain contact with their children in a safe, neutral setting. These supervised visits take place at our office in Highland Heights.

**314 CHILDREN AND FAMILIES WERE SERVED IN FISCAL 2016. 100% OF VISITS IN FISCAL 2016 WERE WITHOUT ANY CRITICAL INCIDENTS. 96% SATISFACTION RATING WAS REPORTED ON EXIT SURVEYS. 93% REPORT NO INCREASE IN CONFLICT.**

Tony & Kym are a married couple with two young boys. Kym is hearing impaired and Tony is on the autism spectrum and struggles with some of his symptoms. Their two children were removed from their custody for "neglect and endangerment" when one of the boys was significantly hurt after falling out of a tree. Because of Kym's hearing impairment, she didn't hear the kids screaming and when Tony returned home from work, he was unable to manage his emotions after seeing the injury. During this time, Tony & Kym struggled to secure support, understanding, and neutrality throughout "the systems" of foster care, DCBS, and the courts. They were eventually directed to Holly Hill where they visited their boys together for more than two years. Kym received a cochlear implant and Tony worked with a professional to learn to better manage his emotions in a crisis. Holly Hill was able to provide a safe, neutral environment to the family, as well as non-biased observation reports to the courts, DCBS, and attorneys throughout the process. The courts ordered the children be returned to their parents. On their last visit at Holly Hill, they all left for home, together as a family, for the first time in over two years.

# OUR PROGRAMS

## COMMUNITY SUPPORT

Holly Hill's Community Support Associate program provides one-on-one therapeutic mentoring to at-risk children and youth, up to age 21. This program encourages positive interactions with the child in a community setting in ways that allow them to learn how to interact appropriately within their environment.

**IMPACTED 26 CLIENTS IN FISCAL 2016, SERVING A TOTAL OF 149 CHILDREN AND FAMILIES.** 25 OUT OF 26 CLIENTS REPORTED IMPROVEMENTS ON TARGETED BEHAVIORS. 93% OF CLIENTS REPORTED THAT THEY WERE SATISFIED WITH THEIR CSA WORKER.

Jaxson was referred to Holly Hill after being hospitalized for suicidal and homicidal thoughts. His mom reported being scared and unsure of how she could support Jaxson in her home due to the intensity of his behaviors. At Holly Hill, he was assigned to a Therapist that met with him and his family weekly to support the development of coping skills and home structure. Jaxson also began working with a Community Support Associate through Holly Hill that encouraged positive engagement at home, school, and in a community setting. With the help of Holly Hill, he was able to move from a strict alternative school to a traditional classroom. He developed skills that helped him manage his anger and emotions, including intense impulsive behaviors which impacted his ability to sit still. He has remained out of the hospital and in his home. Other adults and children have said that they enjoy being around Jaxson and have noticed a remarkable difference.

 **10**

number of hours per week spent with each child by a Community Support Associate

 **11,224**

number of hours rendered to children and families in our Therapy Services program in Fiscal 2016

 **6-9**

# HOW YOU CAN HELP

## HOW CAN YOU HELP HOLLY HILL CHILDREN'S SERVICES?

### PLANNED GIVING AND BEQUESTS:

Create your legacy by becoming a member of Holly Hill's Legacy Circle. Options available can offer numerous tax benefits for the donor or the donor's heirs. Examples include gifts of real property, life insurance, retirement plans, gift annuities, trusts, or by remembering us in your will. The following basic bequest language is suggested: "I give, devise, and bequeath to Holly Hill Children's Home Inc. in California, KY [insert written amount, percentage of your estate, description of property, etc.] to be used for its general purposes and benefit." Through estate planning provisions, you can leave a lasting legacy to support Holly Hill and the children and families of NKY. If you would be so kind as to notify us of your gift, we would like to include you on our list of Legacy donors. Consult your attorney, accountant, or financial planner to discuss the best options for you.

### DONATE ON-LINE:

Holly Hill now gives you the option to donate online using a credit card or check. Visit our website at [www.hollyhill-ky.org](http://www.hollyhill-ky.org) and click the DONATE NOW button. You can also register for Holly Hill events through the website.

### GIFTS IN KIND:

Holly Hill is often in need of donations such as personal care items, school and craft supplies, clothing and sporting equipment. Please contact us at 859-635-0500 to arrange pick-up or drop-off.

### MEMORIALS AND TRIBUTES:

Donations may be made in memory of a loved one or to commemorate a special occasion. This is a wonderful way to recognize someone special who has touched your life in a meaningful way.

### EVENT PARTNERSHIPS:

We hold several special events annually and count on local corporate support. Yearly events include our annual Golf Classic held each May and a fundraising party at the end of summer.

### VOLUNTEER SERVICES:

Each year hundreds of volunteers and volunteer groups from local businesses donate their time and talents. Consider helping us with a beautification project, a special event, or plan an activity with the children.
