

Supervised Visitation Service Costs and Sliding Fee Scale

Service Costs:

- The court and/or private party determines who is responsible for payment of the supervised visits. If there is no predetermination, it is assumed that the visiting party is responsible for visitation fees. Fees are determined by income, with a sliding scale rate available if income verification is provided. Failure to produce documentation to verify income results in full fees for service. The full fee rate is \$100.00 per hour of visitation.
- There is a one-time charge of \$50.00 per party for the intake consultation which is required for services.
- Fees are to be paid at each visit during check in, prior to the visit start. Checks, cash, money orders or credit card are accepted forms of payment. If you are having financial difficulties, please notify the administrator or monitor before your scheduled visit. Please do not arrive to your visit without payment.
- Failure to show for a visit or failure to call and inform staff of the cancellation at least 24 hours in advance may result in a \$50.00 No Show fee. This applies to both the visiting and the residential party.
- If Holly Hill staff are subpoenaed to court for testimony, there this a \$500.00 minimum fee for the first five hours of services including travel, preparation of court documents, and appearing in court. Time spent exceeding five hours is \$100.00 fee per hour.
- Summative reports and/or court reports and record requests are \$50 per request if more than one week notice is provided, \$100 per request if less than a week notice is provided
